Online: member.cedarview.example and the Cedarview Benefits app

Mail paper claims to: Cedarview Assurance, Claims Services, P.O. Box 4410, Station A, Montreal, QC H3C 0A0

Section 3 - Paramedical practitioners

Eligible expenses for the following licensed practitioners are reimbursed at 80%.

Physiotherapist: up to \$600 per calendar year per person. No physician referral is required.

Massage therapist: up to \$400 per calendar year per person. A physician's referral is required before the first treatment of each calendar year.

Chiropractor: up to \$500 per calendar year per person, including one X-ray per year.

Practitioners must be members in good standing of the professional order of their province. Treatments by a kinesiologist may be considered when they are part of a rehabilitation program.

Section 4 - Dental care

Basic services (exams, cleanings, fillings) are reimbursed at 80%, up to \$1,500 per calendar year per person, based on the Quebec dental fee guide of the current year.

For any treatment plan over \$500, submit a predetermination before treatment begins.

Section 5 - Prescription drugs

Drugs that require a prescription and have a Drug Identification Number (DIN) are reimbursed at 80%.

Show your Cedarview drug card at the pharmacy for direct billing.

Section 6 - Submitting a claim

Claims must be received within 12 months of the date the expense was incurred. Claims received after this deadline will not be paid.

Submit claims in the Cedarview Benefits app or at member.cedarview.example, or mail the Supplementary Health Claim form to the address on page 1.

Include the original itemized receipt showing the patient's name, the practitioner's name and licence number, the date and type of service, and the amount charged.

Section 7 - Coordination of benefits

When a person is covered by more than one group plan, the plans coordinate so that the total paid does not exceed 100% of the expense. A person's own employer plan pays first. For a spouse, the spouse's own plan pays first and this plan pays second.

To claim the balance under this plan, submit the claim with the Explanation of Benefits (claim statement) from the first plan, or a receipt showing the amount the first plan paid by direct billing. The second claim must also be received within 12 months of the date of service.
